FOGE Lines that connect

The style of any interior is defined by lines.

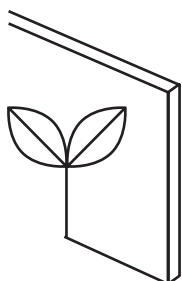

At FOGÉ, we design and create the most important lines: boards and slats.

They organize space and define its character. Where surfaces meet, elegant aesthetics meet innovative technology. In our offer you will find skirting boards and wall decorations based on our proprietary concepts, the latest trends and the highest quality materials.

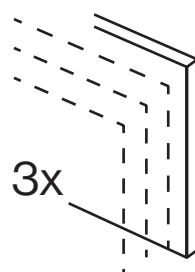

A perfect combination.

Form and function

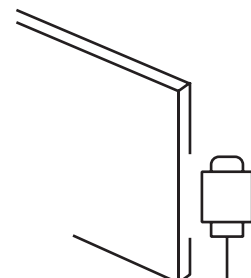

Mouldings are more than just elegant lines that define the rhythm of space. They fulfil a number of functions that respond to the challenges of everyday life – masking cables or expansion joints and protecting against mechanical damage. All our products fulfil their role by combining aesthetics with functionality, durability and ease of installation.

Family business, international recognition

We are proud of our work. Driven by passion and the constant need for innovation, we have developed a family business into a perfectly functioning plant with modern production lines. Thanks to many years of experience, advanced technologies and proprietary concepts, we create perfect solutions that have won the trust of customers and business partners around the world. We care about the satisfaction of our customers by providing them with the highest quality products.

Partition wall accessories

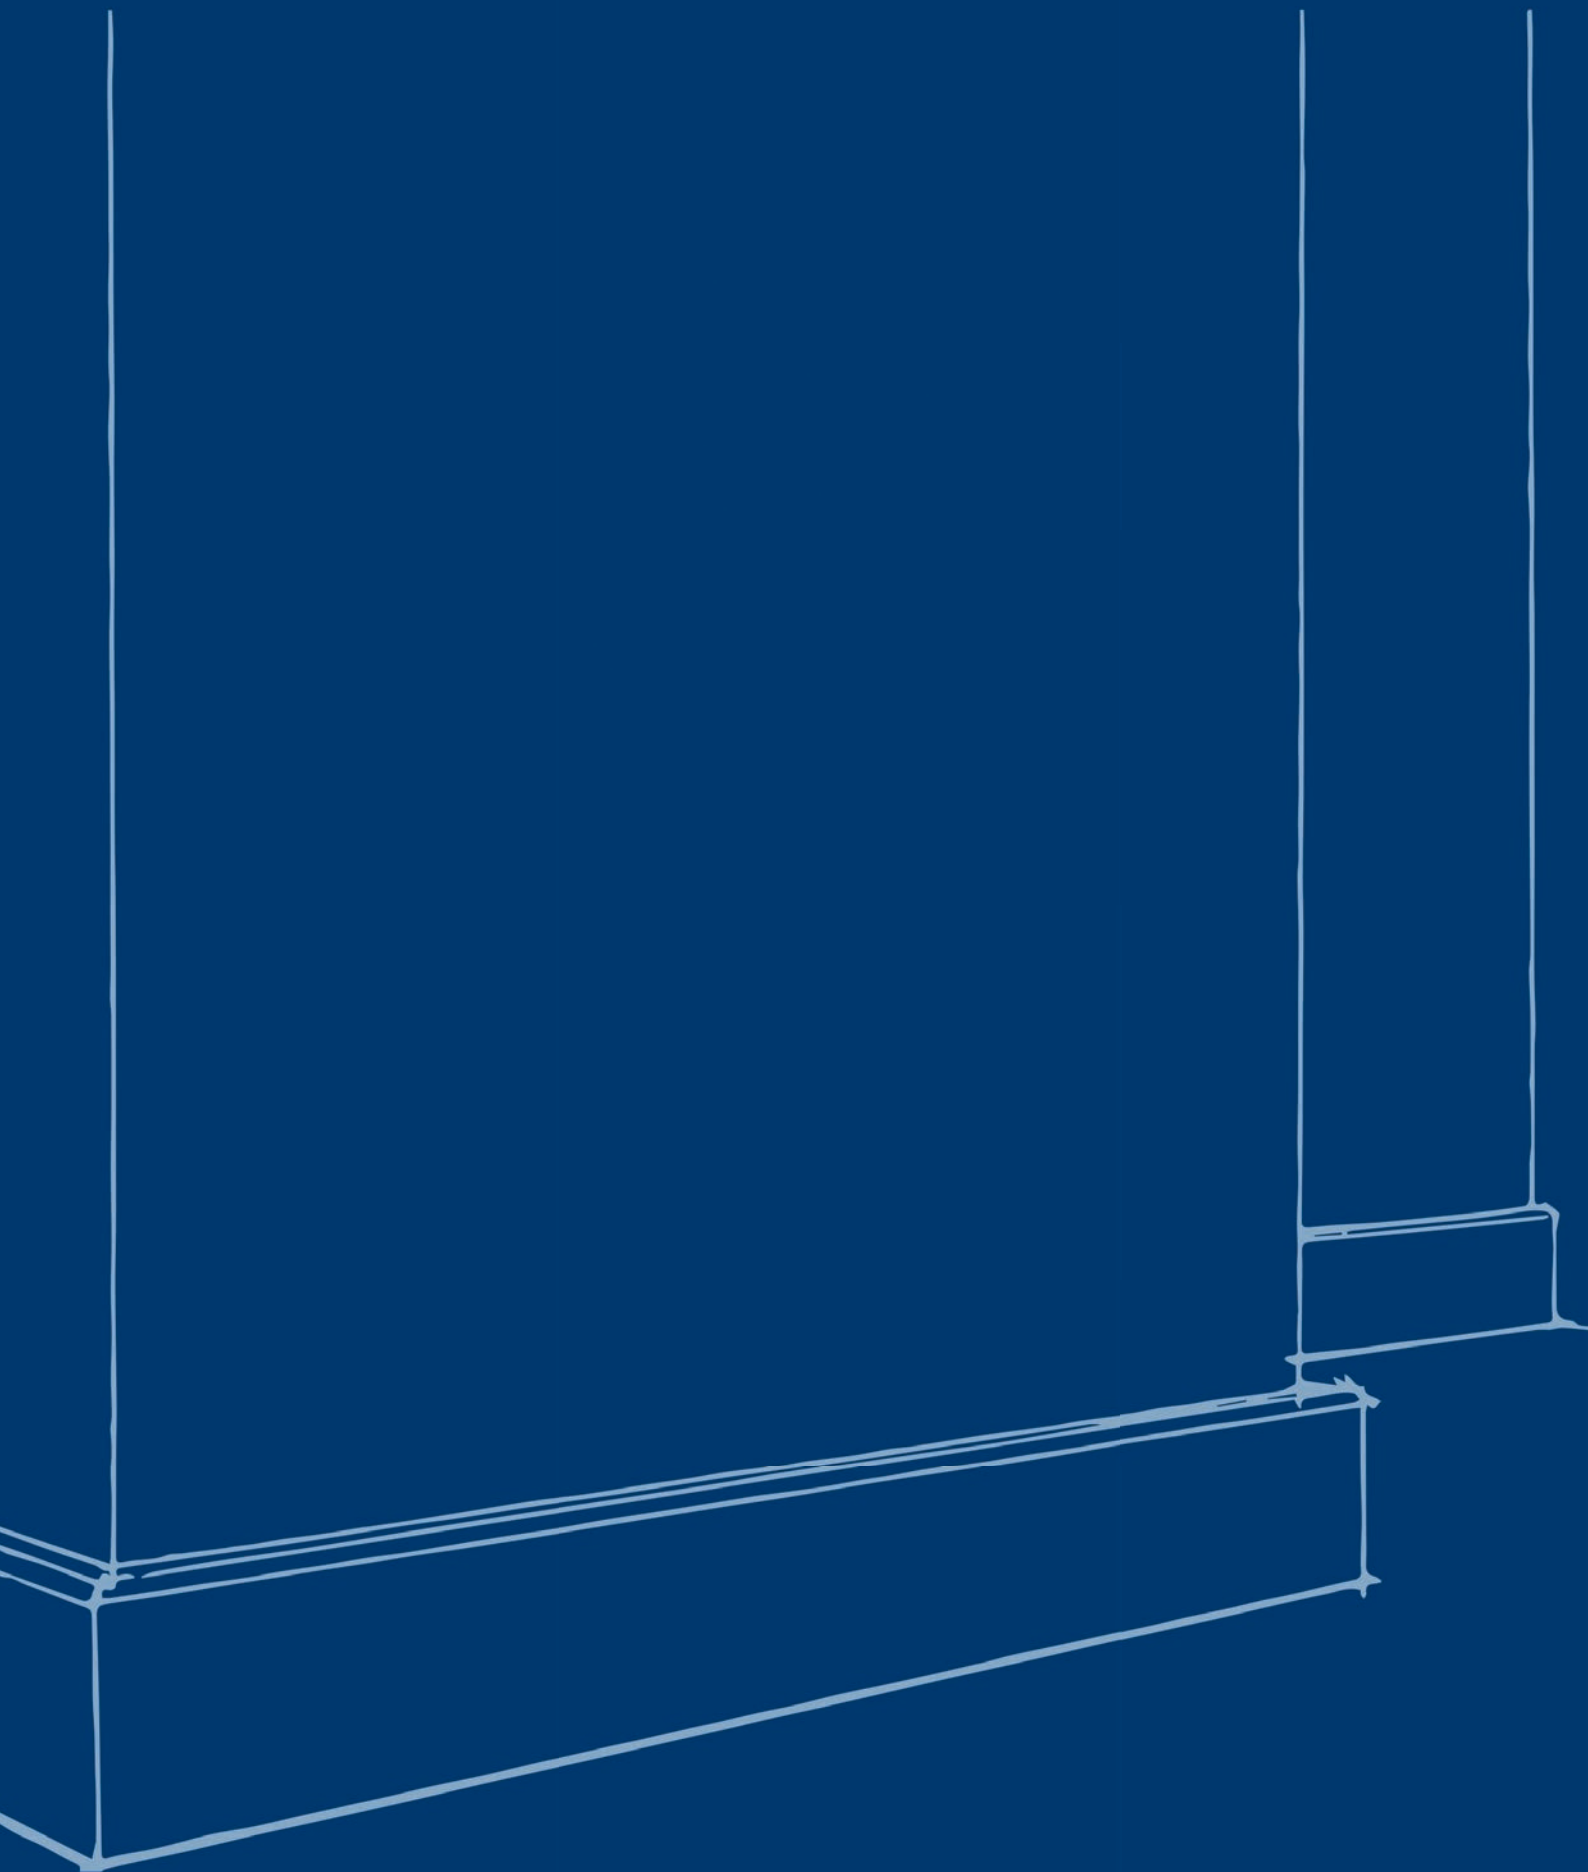

model name:

Installation kit for 22×68 slat walls

6 angle brackets with 3M adhesive tape,
12 MDF screws, 3M primer cleaner for the gluing area.

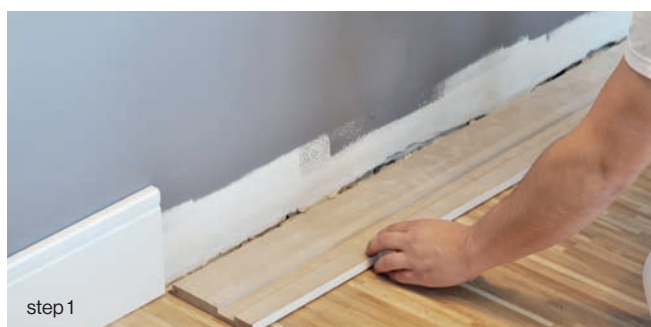

Installation

Gluings

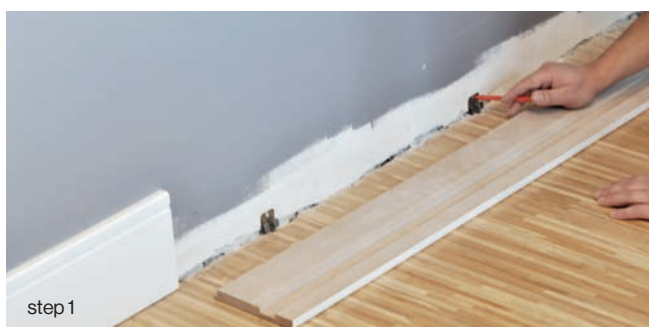

Our universal adhesive replaces screws, nails, dowels, etc. Permanently fastens all our products.

FOGE skirting boards can be installed in two ways:
with clips or with mounting adhesive.

Clip mounting

Extremely effective fixing clips allow the product to be installed without the use of adhesives.
